Summary

Experienced Full Stack Web Developer with 3 years of hands on expertise specializing in **MERN Stack, React.js, and Next.js**. Skilled in building responsive, scalable, and user focused websites and web applications with clean UI architecture and optimized performance. With strong proficiency in both frontend and backend development, along with deployment workflows, I focus on delivering modern, high-quality digital products that provide real value and seamless user experiences.

Experience

- Sep 2024 - Present

YR Media Consultancy Pvt. Ltd. (Drig Digital)

Senoir Web Developer, Chennai

Have taken sole accountability of developing, & deploying over 12+ customised, highly functional websites using diverse platforms like React.js, Next.js, WordPress, HTML, and Shopify, serving a wide range of businesses from Health & Wellness, Engineering, F&B, Personal Branding, Technology and Entertainment. Further implemented dynamic web applications with the utilisation of the MERN stack, which assures the performance & scalability of it. Coordinated & collaborated with the internal UI/UX design teams to ensure the generation of highly quality and responsive websites.
- Jan 2023 - Aug 2024

BCC MARTECH

Web Developer, Chennai

Over 1.5+ years of proven expertise in building client-specific, highly functional, responsive websites on different platforms like React JS, HTML, CSS, Next JS & WordPress. Further, implemented best practices of SEO to improve the website rankings on search engines. In addition, also made sure to double check periodically at regular intervals on regular maintenance & updating the websites.
